ABOUT ME:

I am a generalist 3D artist. I like the architecture visualization, the product 3D design and the creation in 360 degrees experiences. Also, I work in the creation and edition of films and publicity.

WORK EXPERIENCE

Desing, creation and animation of 3D products

AUTONOMOUS AND CONTRACTED BY VARIOUS INTERNATIONAL COMPANIES

-Modeling, texturing, lighting, animation, rendering and vfx for the television program "Desmontando Andalucía" on the Sur channel of Andalucía, Spain.
- Modeling, texturing, rendering for NFT collection.
- Modeling, texturing, rendering, and post-production for catalogs of furniture collections, textiles, and miscellaneous items.
- Environment Artist for 3D animation short films
- Design and creation of dies for 3D printing and subsequent production in roto-molding factories.
- Creation of 360° experiences with 3D animation.

Production, creation and editing of audiovisual content
